

May 4, 2020

Dear Arborland Families,

Please join me to thank our Montessori teachers for carrying out our school calendar in spite of this challenging situation. They all enjoyed meeting you on Parent's Night and again at our Parent-Teacher Conferences. We are glad to know that everyone is healthy and safe. As our nation is slowly opening up, Arborland is preparing to open up in phases too. We want to be able to serve the front line parents and keep everyone safe at the same time. **Arborland will reopen our doors this Friday, May 8 for Infants, Toddlers, and Primary children.** The elementary students will continue their remote learning at this time. For infants, toddlers, and primary children, we will be using the next three days to go through the new procedures with staff, preparing the environment for the children, and thoroughly cleaning our school again. The major criteria for safety continues to include wearing masks, maintaining social distance, washing hands frequently, and disinfecting our environment especially material, surfaces, and frequently touched areas.

We know you will have many questions for us. Please allow us to have internal meetings to work out all the details and report to you on Wednesday, May 6.

Thank you very much for your continued support!

With appreciation,
Dr. Sueling Chen
Principal
